

Choctaw Fireman's Fair

The Choctaw Volunteer Fireman's Fair is hosted annually by the Choctaw Volunteer Fire Department. The fair is the department's largest fund raiser to provide funding for the operations and needs of the fire department. The fair is held for one full weekend of each calendar year. The fair consists of live entertainment during the entire event and Carnival Amusement Rides for the whole family to enjoy. On the Sunday morning of the event, there is a parade to start off the final day of the fair. The Choctaw Volunteer Fire

Department was incorporated in October of 1983 to provide fire and rescue protection for the area. The fire department provides fire suppression, medical assistance, and rescue operations. We operate using two stations which house two pumpers and one salvage/rescue truck. The Choctaw Fire Department prides itself in having a great working relationship with all neighboring departments. We are always ready to respond and assist all neighboring

departments including the Thibodaux area. We have a current mutual aid agreement to assist other departments with whichever emergencies may occur. With all of the dedicated work it takes to make our fair successful, we are outreaching for your support this year with our sponsorship program. This gives businesses, like yours, the opportunity to not only support a local organization but gives your business the chance to be seen by all of our visitors. This is not only our biggest fund raiser, but our most vital to the department. Without our supporters, this would not be possible. Included in this packet is all you would need to know about starting your participation in supporting this wonderful event and our community.
